## Professional Summary

"Third-year B.Tech Computer Science and Engineering student at Galgotias University with a strong foundation in full-stack development. Proficient in Java, JavaScript, and modern web technologies, specializing in scalable and efficient applications. Experienced in backend development using Spring Boot and Node.js and frontend frameworks like React.js. Quick learner, problem solver, and team collaborator with hands-on project experience."

## Technical Skills

- **Languages:** Java (proficient), Python (basic), JavaScript (Basic), C++ (basic), C(basic).
- **Frontend:** javaScript,Bootstrap, HTML, CSS.
- **Frameworks:** Spring Boot;
- **Databases:** SQL;
- **Tools & Others:** GitHub , VS Code , Leetcode , GFG , Hackerrank , IntelliJ IDEA .

## Projects

### 1.Quiz App

**Description:** Developed an interactive quiz application using HTML, CSS, and JavaScript, allowing users to answer multiple-choice questions and get real-time score updates.

#### Features:

- Dynamically generates MCQ-based questions with real-time feedback.
- Displays correct answers and final score after quiz completion.
- Uses JavaScript event handling for user interactions.
- Optimized UI with a responsive design for a seamless experience.

### 2.Digital Clock

#### Tech Stack: HTML, CSS, JavaScript

**Description:** Developed a real-time digital clock using HTML, CSS, and JavaScript, which updates every second and displays the current time dynamically.

#### Features:

- Displays hours, minutes, and seconds with real-time updates.
- Uses JavaScript's Date object to fetch and format the current time.
- Auto-updating clock with setInterval() for smooth functionality.
- Stylish UI with CSS animations for a modern look.

## Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering *Galgotias University* | 09/2022–07/2026

**CGPA:** 8.05 / 10.0

**Relevant Coursework:** Data Structures and Algorithms, DBMS, Object-Oriented Programming (Java)

## Certifications

- **Java Programming** — CodSoft (Oct 2024)
- **Java Programming** — CodeAlpha (Nov 2024)

**Additional Information** [Consistently ranked among the top-performing students in core computer science subjects].

- [Participated in technical competitions and Hackathons, demonstrating strong problem-solving and teamwork skills].
- [Successfully completed technical training in **Dynamic Programming**].
